

Job description

Head of Finance & Controlling

AgomAb is pioneering therapies that modulate regenerative pathways to achieve structural tissue repair and functional organ recovery. Our growing pipeline of highly specific monoclonal antibodies is designed to treat a range of acute and chronic conditions that involve inflammatory, metabolic and fibrotic processes. Combining new scientific insights with robust development expertise, we are building a company to lead a paradigm shift in regenerative medicines. To date, AgomAb has raised around \$100m in financing and is actively expanding its operations.

Reporting to the Chief Financial Officer, this role will be pivotal in delivering an efficient and effective financial reporting function. He/she will play a key role in designing and implementing an internal finance centre of excellence supporting the Company and providing quality advice.

Key Accountabilities and Responsibilities

- Managing the process for monthly management reporting and annual reporting
- Building a comprehensive reporting package and timeline for investors and the Audit Committee
- Accounting and reporting for complex transactions in adherence to the Company's accounting policies (IFRS)
- Preparing technical memos and accounting position papers to support the Company's accounting conclusions and processes
- Implementing a best practice control environment, working closely with the business to establish control integrity across all areas
- Reviewing updates to IFRS standards, assessing and documenting the impact to the Company
- Providing information and managing the relationships with external audit firms and legal advisors with regards to financial regulatory reporting
- Ensuring internal up to date IFRS knowledge
- Providing leadership on ad-hoc projects that will arise as part of our ambitious growth plans
- Participating in project management, budget setting and reforecasting processes
- Cash and currency planning

Skills and Experience

- Bachelor or Masters degree in Finance
- Hands-on approach and proven ability to work under pressure and to adhere to tight deadlines

- Excellent interpersonal, time management and organizational skills
- Articulate with excellent verbal and written communication
- Proven team player with interpersonal skills to support, advise and influence

The ideal candidate would ideally have experience in:

- 'Big 4' environment
- SOx, PCAOB and SEC-filing requirements for foreign private issuers
- Biotech / Healthcare / life science sector

For more information or if you would like to apply, please submit your motivation letter and resume to hr@agomab.com, with the attention of Paul van der Horst, Chief Business Officer. Please be aware, AgomAb is not working with any recruitment agencies, therefore, only direct applications will be considered.
