

Clinical Trial Manager

Agomab is a young and dynamic biotech company developing medicine for patients with inflammatory and fibrotic diseases, including Crohn's disease. We are headquartered in Gent with offices in Antwerp and Barcelona; and laboratory facilities in Turin and Touro.

We are looking for an experienced **Clinical Trial Manager** to expand our Clinical Operations Team, reporting to the Head of Clinical Operations. The role will provide strategic and operational expertise, be responsible for the management of outsourced clinical trials and ensure successful operational planning, execution, close out and quality as per applicable regulations.

Who are we?

We are a highly motivated team, valuing ownership, trust, humility and courage in everything we do. We focus on pioneering science and getting results within an environment of continuous self-improvement.

What will you do?

- Be the primary point of contact for assigned clinical studies
- Initiate and coordinate the vendor selection process and be the primary contact person for selected Clinical Operations vendors for allocated studies
- Ensure proper oversight of selected Clinical Operations vendors in accordance with agreed study plans, timelines & budget
- Ensure appropriate planning, execution and delivery of the assigned clinical studies within agreed budget and timelines
- Develop the Clinical Study Oversight Plan and ensure that oversight activities are performed and documented accordingly
- Develop and maintain the study-specific Risk Management Plan
- Coordinate the timely creation, review and approval of study documents and plans
- Ensure proper and timely set-up, maintenance, review (i.e. Quality checks) and archiving of the Trial Master File
- Ensure inspection readiness at all times

Who are you?

- You have a master's degree in a scientific, medical or paramedical area
- You have 5+ years of experience in clinical trial management at a pharmaceutical company or CRO. Experience in early development projects and CRO management is considered a plus
- You have in-depth knowledge of ICH-GCP, clinical trial designs and clinical operations
- You are an excellent team player with strong oral and written communications skills

- Your project management skills allow you to identify and adapt to shifting priorities and competing demands while having the ability to maintain composure in difficult circumstances
- You speak and write English fluently. Additional languages are a plus
- You are a motivated and self-driven person, independently managing your time and projects

What we offer

- The opportunity to develop **pioneering science in a young biotech company**
- Challenging and innovative work environment as part of a driven team
- **Flexibility and responsibility** based in Antwerp with remote working options that can be tailored for you
- Competitive salary and benefits
- An agile and fast paced environment

Interested in having a high-impact contribution in a growing company? **Send your application to HR@agomab.com** to the attention of Paul van der Horst, Chief Business Officer and join the team! Please be aware, Agomab is not working with any recruitment agencies so please reach out directly.
