

## Corporate Counsel

Agomab is a young and dynamic biotech company developing medicine for patients with inflammatory and fibrotic diseases, including Crohn's disease. We are headquartered in Gent with offices in Antwerp and Barcelona; and laboratory facilities in Turin and Touro.

We are looking for an experienced **Corporate Counsel** to expand our legal team in Antwerp. The role will involve negotiating and drafting R&D contracts, handling corporate governance matters and advising on our strategic transactions.

### Who are we?

We are a highly motivated team, valuing ownership, trust, humility and courage in everything we do. We focus on pioneering science and getting results within an environment of continuous self-improvement.

### What will you do?

- Negotiate, draft and follow up on the execution of contracts typical for the life sciences industry, including confidentiality agreements, services agreements, research collaboration agreements and license agreements
- Work closely with the General Counsel to prepare board and shareholder meetings and handle the corporate legal affairs of the Belgian and Spanish legal entities
- Support the company's financing activities, business development activities and strategic transactions
- Provide legal advice to the wider organization, including on HR, IP, privacy, competition and financial matters
- Look for opportunities to improve the company's legal processes by using legal tech or legal operations solutions

### Who are you?

- You have a master's degree in law, preferably focused on corporate or IP law
- 5+ years' experience in an international law firm and/or in-house environment
- Interested in the life sciences industry; experience in an R&D biotech or pharma company is a plus
- Excellent legal drafting skills
- Strong commercial awareness and business sense, including the ability to provide pragmatic advice on contractual and legal risks
- Excellent interpersonal skills and the ability to work flexibly and autonomously with a wide range of stakeholders
- Your core values include high integrity and ethics
- Fluent in English and Dutch; knowledge of Spanish would be a plus

## What we offer

- The opportunity to develop **pioneering science in a young biotech company**
- Challenging and innovative work environment as part of a driven team
- **Flexibility and responsibility** based in Antwerp with remote working options that can be tailored for you
- Competitive salary and benefits
- An agile and fast paced environment
